up documents containing your account information. And you'll always be certain that your gifts are direct-deposited into the Kimsisis account.

What are the advantages of Online Giving?

It makes it easy to give, even when you are unable to attend church. Giving electronically also helps the church save money and plan its budget!

How are my contributions automatically deducted from my account?

Once you complete the online registration form, the contribution amount you specify will automatically be transferred from your bank account to the church's bank account.

When will my contribution be deducted from my account?

Your electronic contribution will be debited on the date you specify on the "My Gifts" page of the Online Giving system.

If I do not write checks, how do I keep my checkbook balance straight?

Since your contribution is made at a pre-established time, you simply record it in your check register on the appropriate date. Electronic contributions are recorded for you on your bank statement as well as your online reports.

Without a canceled check, how can I prove I made my contribution?

Your bank statement and the Online Giving system both provide reports that document your electronic transactions.

Can I put different amounts in offerings and have all of them withdrawn at different times?

You can contribute to different offerings at different times; however, you will have to do each one separately. You will receive a receipt for each one.

What if I change bank accounts?

Log in and update your account information in the My Payment Schedule window. Each checking/savings/credit card can be changed using the edit button, deleted completely, or new accounts can be added on the right side of the screen.

How much does Online Giving cost?

It costs you absolutely nothing! However, you may wish to add 3% to your amount to defray expenses to Kimisis.

What if I try Online Giving and don't like it?

You can cancel your authorization by deleting your accounts and donation dates at any time.
